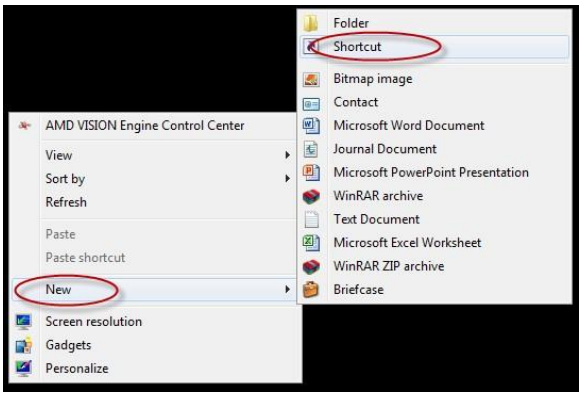
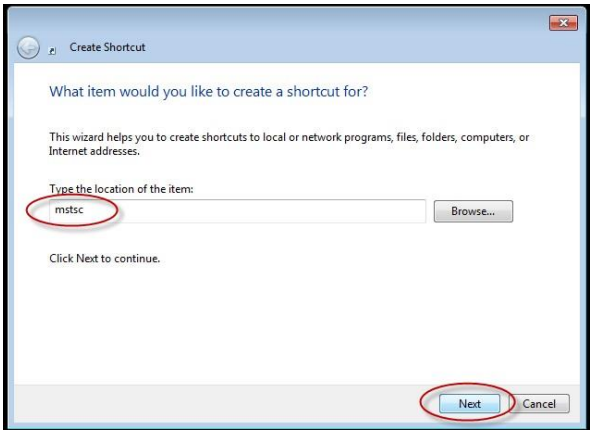
The Kite Research Institute UHN

RD Client VPN Connection (for Windows)

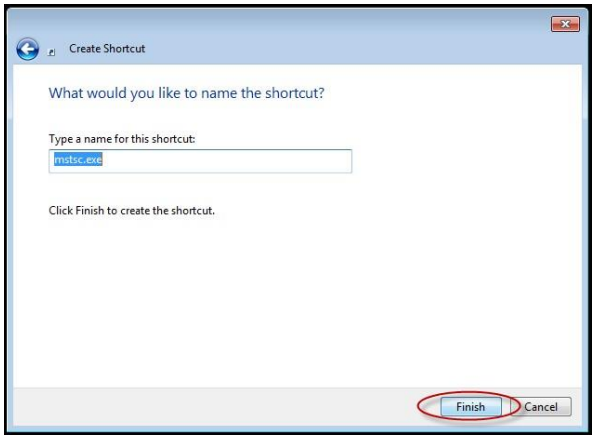
1. Create a desktop shortcut to Remote Desktop Client on home PC (right-click on desktop):



2. Type in **mstsc** and click **Next**:

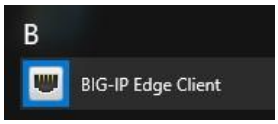


3. Click on Finish to close the window:

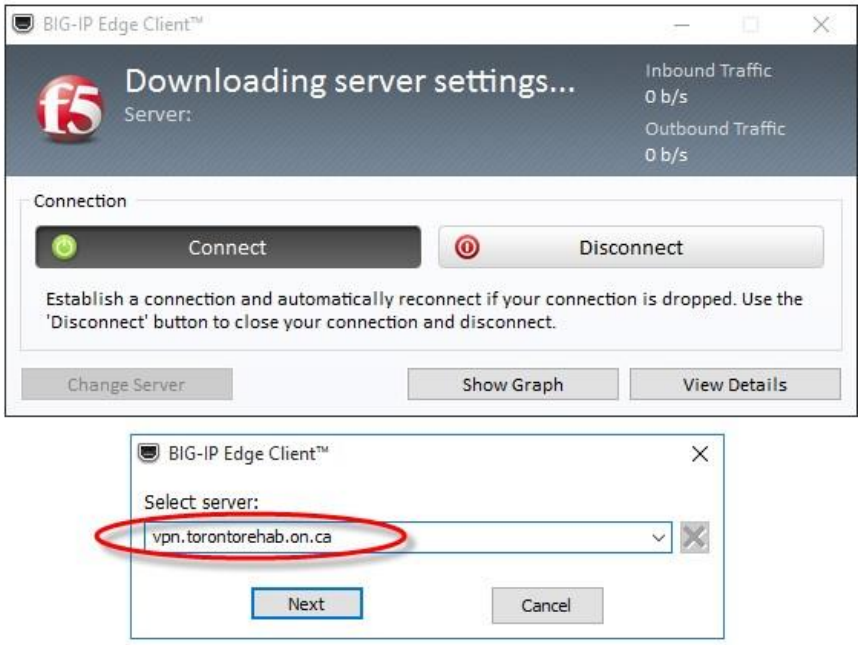


iDAPT helpdesk

4. Lunch the “BIG-IP Edge Client”, it will be located under “All apps” link:



5. When prompted for server name, please enter **vpn.torontorehab.on.ca** and click next:



6. Enter your VPN login credentials and click on Logon to establish network connection:

After a successful login, a red F5 icon will appear in the taskbar. It will indicate that the network connection is established.

Please remember to exit the VPN client to end the connection when it's no longer needed by right-clicking the red icon and selecting Exit.

7. Double-click the newly created desktop icon:

8. Enter TRI computer name, provide tri user ID and password when prompted (**do not forget about the U1DOME\ in front**):
